b/ Include any bi-lingual pay supplements (if applicable). Round each amount to the nearest whole dollar.

Mental Health Services Act CSS Budget Narrative

County(ies): San Diego

Fiscal Year: 2006-07

Page: 3 of 6

Program Workplan #: A-6

Date: 02/28/06

Program Workplan Name: Supported Employment Services

Type of Funding: 2. System Development

New Program/Service or Expansion: New

<u>Line #</u>	<u>Amount</u>	<u>Description / Justification</u>
A.5	\$350,000	Estimated Total Expenditures (when service provider is not known) were derived by calculating the average cost per client for similar services among existing providers from FY 2005-06 budgets times the number of clients expected to be served in the fiscal year. Staffing for this program is based upon optimum staff to client ratios with approximately 60-70% of the total costs allocated for staff salaries and benefits. This budget is for 12 months from July 1, 2006 - June 30, 2007.
B.2.a	\$0	If applicable, new revenues were estimated for Medi-Cal (FFP only) given the estimated number of clients and services expected to be Medi-Cal eligible. Programs without Medi-Cal revenue are targeting the unserved non-Medi-Cal eligible population and/or are providing non-billable Medi-Cal services.
C	\$50,385	One-Time CSS Funding Expenditures are the sum of the following: One-time CSS funding for start-up and implementation expenditures for this program are equivalent to 6 weeks of service operations. Our County has used this method before with new programs and based on our past experience the equivalent of 6 weeks of funding seems to be a sufficient amount for Contractors to purchase most of the equipment and supplies needed for a new program. The majority of start-up funds are budgeted to purchase equipment such as computer hardware, software, cell phones, copier, fax, furniture and other office equipment and transportation for clients (if needed). Additionally, these funds may be used to secure or expand office space. Implementation funds are also needed for program staff to recruit, hire, and train personnel and will be used to develop initial program outreach strategies to get this program up and running. These start-up costs will be expended in the first quarter of FY 06-07 between July 1, 2006 - September 30, 2006.
	\$40,385	
	\$10,000	One-time CSS funding for training to include; 1) Supportive employment technical assistance (\$ 6,000), 2) Copeland's Wellness Recovery Action Plan (WRAP) training (\$1,250), 3) Deegan's Intentional Care Guidelines program (\$1,500) and 4) Psychosocial Rehabilitation (PSR) training and materials (\$1,250). The supportive employment technical assistance is our best estimate based on our experience of providing similar trainings; however the actual details of how the dollars will breakdown will be determined in the "winning" request for proposals (RFP) currently be requested by contractors. The WRAP estimate of \$1,250 is to purchase materials and hire a WRAP-certified consultant to assist with training. The Deegan's Intentional Care estimate of \$1,500 is to purchases proprietary training materials. The PSR estimate of \$1,250 is to purchase materials and provide some training. These start-up costs will be expended in the first half of FY 06-07 between July 1, 2006 - December 31, 2006.
D	\$400,385	Total Funding Requirements equals the total proposed program budget less total revenues plus one-time CSS funding expenditures.
